

## Tomahawk Speedway 4 Cylinder Stock Class Rules

Updated 02/16/2022

These rules are property of Tomahawk Speedway. The guidelines and/or regulations set forth herein are designed to provide for the orderly conduct of racing events and to establish minimum acceptable requirements for such events. These guidelines shall govern the condition of events and participation therein. They are intended as a guide for the conduct of events and are in no way a guarantee against injury or death to a participant, spectator, or official. The Tech Director, or the management, shall be empowered to permit minor deviation from any of the guidelines and or regulations herein, or impose any further restriction, which, in his or her opinion, does not alter the purpose of the organization. Deviation of these guidelines and or regulations will be the responsibility of Tomahawk Speedway officials, whose decisions are final. Tomahawk Speedway may at any time out law any engine, chassis, or body part that may be too costly. Our goal is to keep short track racing as affordable as we can. All cars and drivers must have car and driver data sheet on file with Tech Director before the car is allowed on track. Any car or part maybe held for examination at any time. These rules may be updated or changed at any time by track management.

Minimum age for driver is 14. Must have proper wavers and forms on file with track management.

**This is a starter type class of Automobile Racing. It will be held as to that. We may at any time make any car, part, driver or team ineligible for any event or race. Safety is the most important part of any racing. Please make sure your car is up to date on all safety equipment as this is the only part of this vehicle that maybe upgraded at all. Seats, Belts, Head and Neck Supports and Roll Cages. This will be conducted as a racing event. Your safety is very important to Tomahawk Speedway. We are using this as an entry level class and will be enforcing strictly stock components only.**

#### **MURDER HORNET 2021 AMENDED CLAIM RULE:**

Any racer finishing on the lead lap of the feature may claim another racers car for **\$1,500** cash (only) and their car.

The drivers will retain their respective seats, belts, transponder and batteries unless they agree otherwise.

Multiple drivers may claim the same car on the same night. Drivers must stay in the scale area and express to the tech officials their intent to claim the specific car. The driver(s) then have 5 minutes to give the cash to the tech official.

In the case of multiple claims, all claiming drivers will have their names written on a slip of paper and placed in a hat or other receptacle that will conspicuously hide the pieces of paper. A disinterested third party will then draw one name and that name will be awarded the claimed car. The car driver being claimed will receive the persons car making the claim and **\$1,500** from the person making the claim via the official holding the money.

**Any drivers who made an unsuccessful claim in a multiple claim situation will receive \$1,400 of their \$1,500 back.** The track will retain the proceeds from that, and it will be distributed in that class during the next race.

Any driver making a claim and failing to produce the **\$1,500** after the 5-minute period will forfeit their points and money from that race. Consideration will be given for extraordinary circumstance, TBD by the race director.

Any driver who refuses the claim will lose their points and money for the night and be suspended for 3 race events and loses the ability to claim for one calendar year.

Any driver or crew claimed or not who exercises any unsportsmanlike conduct during the claims process will lose their or team points and pay for the night.

Any car claimed must run the next week or they forfeit points and pay for the claim night, pay will be held from claiming driver that night and dispersed at the conclusion of racing when the driver returns with the claimed car the following week.

Any driver claiming must have completed the feature race the previous 2 race nights at Tomahawk Speedway.

Any driver making a claim must pass tech to be able to claim another car. If outside of the scale group, the car must scale when directed to and then be teched by an official of Tomahawk Speedway.

A car failing tech does not protect it from being claimed.

No claims are allowed in the first two weeks of the season,

No claims are allowed on the last night of the season.

Please also remember we take pride in our racetrack and drivers. Please provide us with a clean nice-looking car for our fans. We are here to put on a show. If we all work at it...it will only be better for all.
